Booster doses for population groups

Booster doses by ethnicity and DHB are missing from the vaccination data file

NZ COVID-19 vaccination rates for each suburb (SA2 area)  
People who have received a booster dose to 22 March 2022 (percent of population eligible to receive a booster)

Chart by Aaron Schiff using data from the NZ Ministry of Health  
CC-BY 4.0. schiff.nz/covid/nz-vax/

Standardised vaccination rates by ethnicity

Vaccination rates for each ethnic group are standardised to have the same age and age-DHB distribution as the overall NZ population. This chart is based on the age 5+ population.

COVID-19 vaccination rates by ethnic group (age 5+)  
As at 22 March 2022

Absolute number of unvaccinated Māori people

Number of unvaccinated Māori people as at 22 March 2022

## Absolute number of unvaccinated people aged 60+

Number of unvaccinated people aged 60+ as at 22 March 2022
