Booster doses for population groups

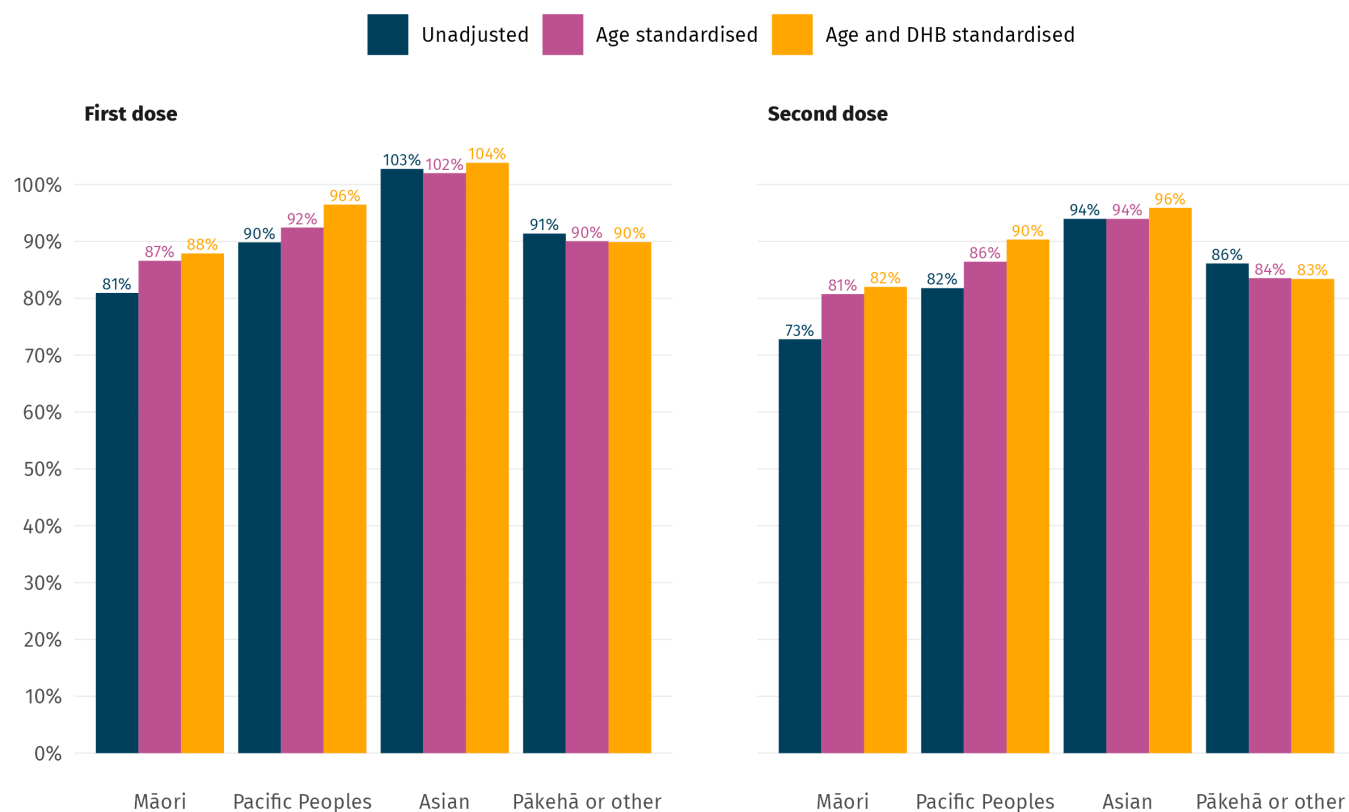

Standardised vaccination rates by ethnicity

Vaccination rates for each ethnic group are standardised to have the same age and age-DHB distribution as the overall NZ population. This chart is based on the age 5+ population.

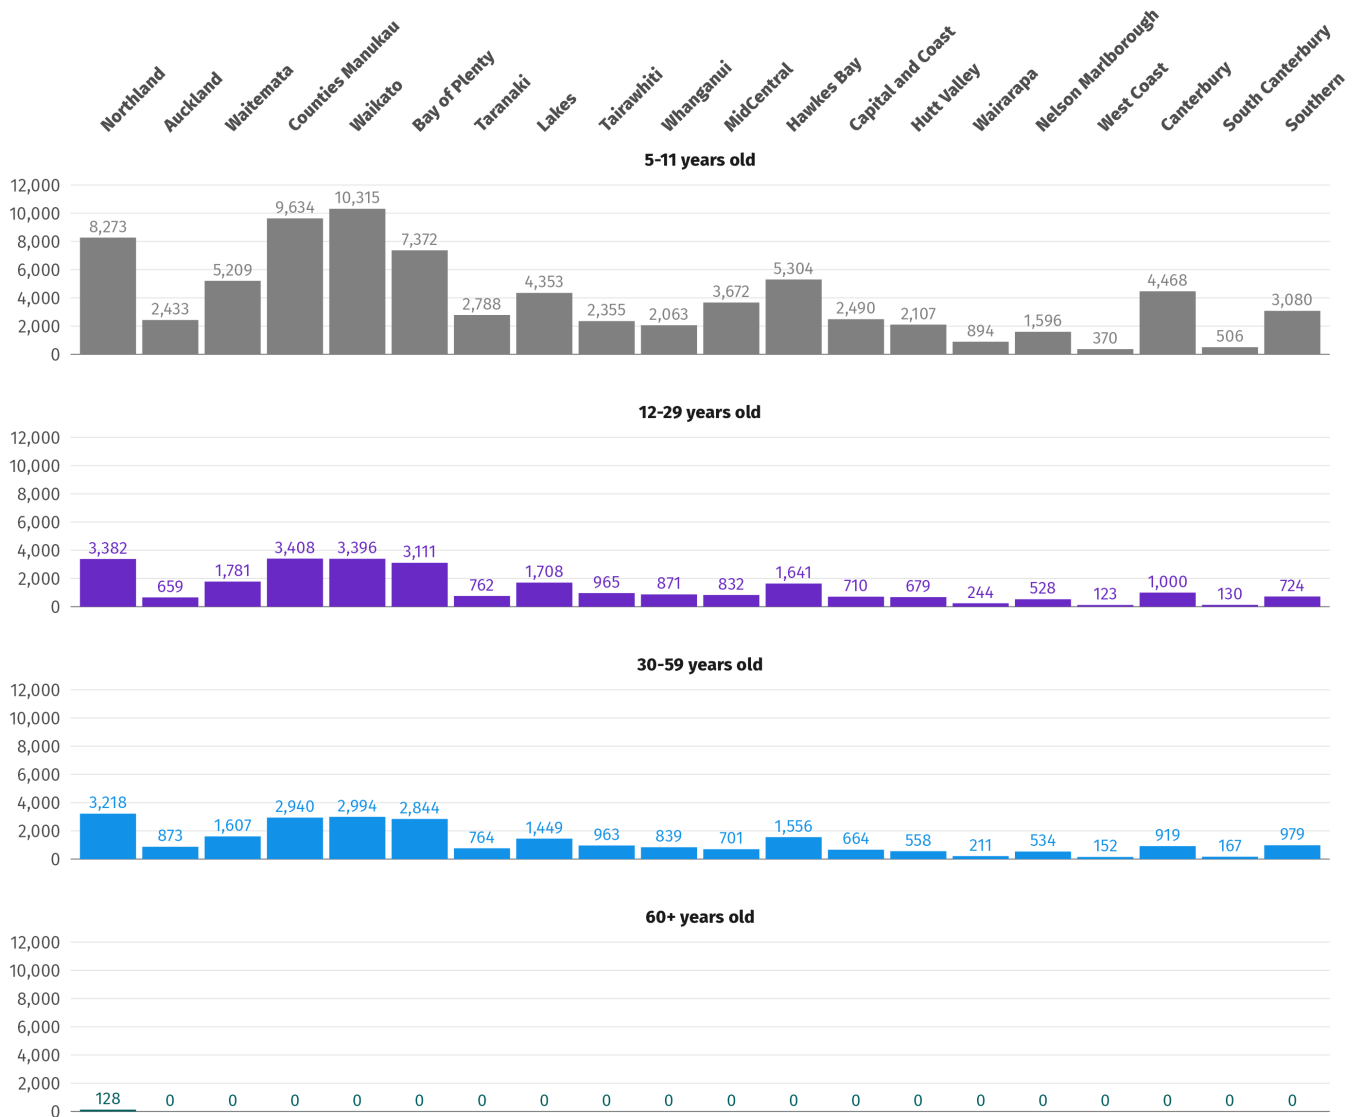

COVID-19 vaccination rates by ethnic group (age 5+)

As at 1 March 2022

Absolute number of unvaccinated Māori people

Number of unvaccinated Māori people as at 1 March 2022

Absolute number of unvaccinated people aged 60+

Number of unvaccinated people aged 60+ as at 1 March 2022
