Standardised vaccination rates by ethnicity

Vaccination rates for each ethnic group are standardised to have the same age and age-DHB distribution as the overall NZ population. This chart is based on the age 12+ population only.

COVID-19 vaccination rates by ethnic group (age 12+ only)

As at 1 February 2022

Unadjusted Age standardised Age and DHB standardised

Absolute number of unvaccinated Māori people

Number of unvaccinated Māori people as at 1 February 2022

Absolute number of unvaccinated people aged 60+

Number of unvaccinated people aged 60+ as at 1 February 2022
